Notwithstanding the fuss that was made some time since when I informed you of the rumor that O. Hopkin son, Esq and Miss Eliza Swaim, were to be married. My prophecy has already been verified—they were married on the 1st of March, in this city, and the fact has just leaked out, so that our information may elways be relied on—complain of your getting it too early who may—This marriage will create considerable sensation in this city, and greatly annoy the various counts, &c., whose hopes were directed in that quarter, and who, in imagination, began to revel in the magnificent fortune of this lady. We repeat all we said before in reference to this happy pair, and we say the lady has shewn she possessed to sound head as well as a sound heart on counting for heir true value the adulations and pretensions of the housand admirers by which she was surrounded, and electing a young gentleman of such sterling worth as fr. Hopkinson, and we compliment him upon the acquition of so excellent and truly estimable a youg lady.—the old folks have every reason to be gratified and deglited on both sides.

P. S.—Great excitement among the old folks, and the evil is to pay. But all will come right in cooling time.

THIS IS TO CERTIFY, that I Willard Jenks, Proprietor of the West Troy Exchange Hotel, having been afflicted with deafness in one ear, for the last twenty years, and in the other for the last year, so that it was impossible for me to hear the loudest voice, and after trying various remedies without improving my hearing in the least, I was induced to try Scarpa's Acoustic Oil, for the cure of Deafness, and it is with great gratification I am enabled to state that it has perfectly restored my hearing, and will be happy to see any person who wishes for information in relation to my case, at my place in West Troy.

The following certificate was addressed to Messra. A. B. & D. Sands, to whom the parties are kin New York, Oct. 19, 1844.

Messra, Sands—Gentlemes—The following statement of the beneficial effects produced by the use of Scarpa's Acoustic Oil on my daughter, I send you as an act of justice, that others may have positive facts to convince them of its value and efficacy. She was nearly deaf for two years, and could only be made to hear by speaking very tond. I purchased one bottle, which was used according to the printed directions, and before a quarter part of the bottle was applied, a nard subspace was dischar ged from the cert, and soon after the hearing in both ears was completely restored.
